

Connecting to Canvas for Parents/Guardians

Parents and guardians have the ability to access course information for their students within the Canvas system to stay updated on their student's course progress. These accounts allow a connection between the user and the student. While observers can't submit assignments for the students they monitor, they can view grades, and assignments, and monitor course interactions.

Step 1: Visit <https://dekalb.instructure.com/login/canvas>
Then, select “Parent of a Canvas User”

The screenshot shows the Canvas login interface. At the top right, there is a link that says "Parent of a Canvas User? Click Here For an Account" which is circled in red. Below this link is a "Browse courses" link. The main area has a "Login" section with a text input field, a "Password" section with a text input field, a "Stay signed in" checkbox, and a "Log In" button. There is also a "Forgot Password?" link at the bottom left.

Step 2: Complete all necessary information

The screenshot shows the "Parent Signup" form. It has a title bar with a close button (X). The form contains four text input fields: "Your Name", "Your Email", "Password", and "Re-enter Password". The entire form is enclosed in a blue border.

Step 3: Enter the Student Pairing Code
(see the information below)

The screenshot shows a single text input field labeled "Student Pairing Code" with a "What is a pairing code?" link to its right. The field is highlighted with a red border.

Step 4: Check the box to confirm agreement with the terms and Click “Start Participating”

The screenshot shows a checkbox labeled "You agree to the terms of use and acknowledge the privacy policy." Below the checkbox is a "Cancel" button and a "Start Participating" button. The entire section is highlighted with a green border.

Congratulations! You are now connected to your child's Canvas account.

How to generate the Student Pairing Code

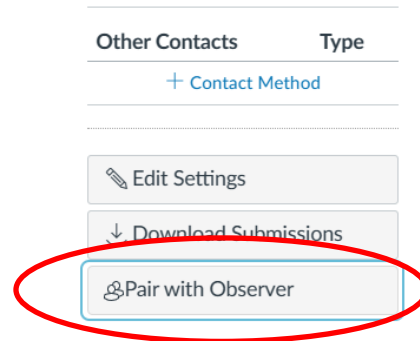

The student can generate a pairing code to link an observer to his/her Canvas account.

Step 1: Login to Canvas as the student

Step 2: Select the "Settings" link on the left side

Step 3: Click the "Pair with Observer" button on the right side

Step 4: Copy the SIX-digit alphanumeric pairing code.
